

Track-Mounted Concrete Pump SPC149

Performance

Maximum Theoretical Output Capacity	
Rod Side	90 (m3/h)
Piston Side	60 (m3/h)
Maximum Theoretical Pressure	
Rod Side	71 bar
Piston Side	106 bar

Technical Information

Hydraulic System	Closed Loop
Main Pump	A4VG125
Concrete Cylinders Stroke	1400 mm
Concrete Cylinders Diameter	200 mm
Maximum Strokes / Min	
Rod Side	35
Piston Side	23
Valf System	S Tube
S Valve Pump	A10VO28
Number of Shift Cylinders	2
Hydraulic Oil Tank Capacity	350 L
Hopper Capacity	650 L
Outlet Diameter	DN 150
Mixer Pump	14 cc
Fuel Tank	250 L

Engine Details

Brand	VOLVO PENTA	
Power	160 KW	
Displacement	5.1 L	
Emission Available	Stage III	
	Stage IV	
	Stage V	

Standard Features

Radio Remote Control	Driving and Pumping
Cable Remote Control	Driving and Pumping
Air Compressor	800 Lpm
Steel water tank	250 L
Water Pump	50 Lpm@20 bar
Automatic Lubrication	
Clip on Rubber Pad for Steel Tracks	
Total Weight	7000 Kg

Cable radio remote control

Wireless radio remote control
